A: I can use 7Zip for some operations, but for me there is a common glitch: It can't recognize the content of files with the same name as files, which are contained in the zip file. I found a solution for the glitch: In the 7zip GUI, click on the File menu in the first pane. Choose the "Add to archive" item. A dialog will appear where you can select the files you want to add to the archive. + 5 2 6 .
